5. Click “Proceed to Step 2 of 3” when you have all the classes you wish to take in your Shopping Cart.
6. Click “Finish Enrolling” if all of the classes you wish to add look correct. You will get a message saying if you have been successfully added to the class(es) or if something prevented you from adding the class. This could be for a variety of reasons: pre-requisites, holds on your account, time conflict with another class, etc. Be sure to read unsuccessful addition carefully so you know how to change your class choice.
