

PI ELIGIBILITY – CAHNRS POLICY

All regular tenure and non-tenure track faculty are eligible to serve as PIs on research proposals, as well as Assistant/Associate/Full Research Professors.

Temporary faculty, Administrative Professionals (AP) and other staff, post-doctoral students and graduate students will be considered on a case-by-case basis. Employees in these categories will need the approval of the following:

For ARC – The Department Chair or Director with oversight responsibility needs to approve either via the eREX or in written form attached to the eREX. The approval has to come specifically from the Chair or Director. No designees are allowed to approve. Approval from Dr. Moyer should also be documented in the eREX.

For Extension – the Program Unit Director needs to approve either via the eREX or in written form attached to the eREX.

If there is an established Co-PI (permanent tenure or non-tenure track faculty), no written approval is required.
